NPIC-FM 30 (REV 4-66)				

THE FOLLOWING CHANGE IN MALAYA SAZANKO SAM SITE B36-2, USSR
THREE RADAR MOUNDS HAVE BEEN CONSTRUCTED OVER PARTS OF THE SAM
LAUNCH AREA. ONE MOUND, ON THE EAST SIDE OF THE LAUNCH AREA,
HAS BEEN SUPERIMPOSED OVER A FORMER REVETTED LAUNCH POSITION.
ANOTHER MOUND IS ADJACENT TO THE OUTER SERVICE ROAD ON THE SOUTH
EDGE OF THE LAUNCH AREA WHILE A THIRD POSSIBLE MOUND IS LOCATED
APPROXIMATELY MIDWAY BETWEEN THE CENTRAL GUIDANCE AREA AND
LAUNCH POSITIONS ON THE WEST SIDE OF THE LAUNCH AREA.
REVEALED BREAKS IN THE SECURITY FENCE
FOR ACCESS THE THE SOUTH AND EAST MOUND AREAS. SLIGHT TRACK ACT-
IVITY INDICATES THESE ARE IN AN EARLY STAGE OF CONSTRUCTION.
REVEALED CONSTRUCTION HAD ADVANCED
ON THE EASTERN MOUND AND HAD BEEN COMPLETED ON THE SOUTHERN MOUND
WHICH WAS OCCUPIED WITH AN UNIDENTIFIED RADAR. POSSIBLE CONST-
RUCTION ACTIVITY WAS OBSERVED IN THE VICINITY OF THE WESTERN MOUND.
WAS OF POOR INTERPRETABILITY AND SEMI-
DARKNESS AND NO CHANGE COULD BE DETERMINED.
REVEALS THAT THE EAST AND SOUTH MOUNDS ARE COMPLETE AND OCCUPIED.
STATUS OF WESTERN MOUND UNDETERMINED BECAUSE OF SNOW AND
SHADOW. ALSO, A SECOND LAUNCH POSITION OF THE FORMER SAM SITE HAS
BEEN REMOVED.
